II. Grant of FREE medical examinations for all Filipino boxers and MMA athletes

The grant of free medical examinations started in November 2017. Initially, this assistance was given to all Filipino professional boxers. The GAB and the Department of Health (DOH) entered into an agreement in 2017 to help improve the welfare of our professional boxers as well as encourage participation of more boxer-licensees.

With the continued commitment of GAB to help improve the welfare and safety of professional boxers, the GAB and DOH agreed to renew their partnership and continue to provide free diagnostic, medical and neurologic services not only for professional boxers but also for mixed-martial arts (MMA) athletes in the country. The Memorandum of Agreement was signed on August 17, 2018 and is valid for a period of two (2) years.

In 2018, more than 700 professional boxers were given free medical examinations in all public hospitals in the country. More are expected to benefit from this program due to the inclusion of MMA.
